Message to Social Workers

We regret that we cannot accept new referrals at this time. Share's waiting list for furniture greatly exceeds our capacity to provide quality furniture in a timely manner. We have over 50 client referrals. We will continue to accommodate clients on our waiting list as suitable donations are obtained.

Please be aware that Share is no longer delivering sofas and large upholstered chairs. The quality of these donations has been poor or too large for a small apartment. We have received too many complaints. We strive to give our clients only furniture that is clean and undamaged.

If you wish to update or check on a prior referral, please email shareofmclean@cox.net.
