

SHARE'S FURNITURE PROGRAM

WANTS YOU!

Share's Furniture Program is seeking volunteers to help deliver donated furniture to very needy individuals and families on Saturdays. Our recipients are people who have moved from shelters to housing and had nothing to bring with them. Others are elderly or disabled and cannot afford to buy furniture or transport it. These families are so appreciative of the help we provide.

We are looking for new volunteers interested in coming along on a Saturday to see for themselves how gratifying it is to deliver beds to a family that has been sleeping on the floor. Or a table and chairs to a formerly homeless woman who has been eating standing up. Typically, we have a driver and one helper in the truck and then one or two helpers, usually family members, follow the truck in their car. Helpers should be able to carry one end of a sofa or dresser up a flight of stairs. Younger family members are welcome to come along with the adults and could help move lighter items, hold doors, etc. Participants can earn community service hours. The program takes about 5 hours on a Saturday.

Can you spare some hours on a Saturday? Even one day a year will be appreciated. You can sign up for a shift using [Sign-Up Genius](#).

Not able to lift furniture? Be an ambassador for our program and help us spread the word to your parish or neighborhood group. We welcome you in this small effort to help the needy among us.

If you have questions or are interested in arranging a no commitment ride-along, please contact Randy Glantz (randy@shareofmclean.org, 703.297.7299)
